

## UNICEF ACTIVITY REPORT

**In our college, we have been fortunate to receive funding from UNICEF to conduct a series of events that are aimed at promoting the welfare and healthy development of children. These events are organized by our faculty and trained peer leaders in both rural schools at Mindi, Akkireddy Palem, Gajuwaka High School and at our college campus.**

**The events cover a range of critical issues related to children's wellbeing, including school dropouts, child marriages, child abuse, nutrition, personal hygiene, and child labour. Through these events, we aim to raise awareness, educate parents and caregivers, and encourage positive actions to address these issues.**

## CHILD LABOUR

**In a commendable effort to combat child labour, our UNICEF trained peer leaders have taken the initiative to educate students in government high school at Mindhi Village about the dangers of child labour and its negative impact on a child's future. Through their outreach efforts, our peer leaders have been instrumental in empowering young students and creating a brighter future for the children of our society.**

## CHILD MARRIAGES

**Through a dedicated awareness programme, our college peer leaders have taken a productive approach in raising awareness about child marriages. They educated students on the harmful consequences of child marriages and importance of education in creating a better future.**

## RALLY ON GIRL CHILD ISSUES

**Our college's peer leaders organized a rally to address girl child issues like education and child marriage. This rally was a resounding success in raising awareness about their critical issues and promoting gender equality.**

## MENSTRUAL HYGIENE

**Our college's peer leaders have undertaken the task of educating young girl students in Z.P.H School about menstrual hygiene. They have helped to break down stigmas and empower young girls to take control of their menstrual health and well-being.**

## EDUCATING MOTHERS ON NUTRITION

**By raising awareness about the essential nutrients required for the healthy development of infants and new mothers, our peer leaders have created a supportive environment for new mothers to learn and address their concerns around nutrition. This has been a significant step towards promoting importance of nutrition for the new mothers.**

## GENDER EQUITY

**In a remarkable effort to promote gender equity, our college's peer leader conducted a comprehensive programme in college campus. Through this initiative they aimed to raise awareness about the importance of gender equity and promote a culture of inclusivity and equality.**

## ADOLESCENT CONCLAVE

**Our college's peer leaders recently participated in the Adolescent Conclave programme to the children's Arens in Visakhapatnam, organized by UNICEF. This programme aimed to empower young people with the knowledge and skills needed to create a brighter future for themselves and their communities.**
