FEEDBACK ANALYSIS AND ACTION TAKEN 2020-2021

The College designs and collects feedback from its stakeholders to accurately assess the impact of the institution's efforts, implemented at all levels, on the diverse stakeholders involved. The feedback is collected from students, teachers, alumni and employers utilizing Google forms.

The feedback targets vary for different stakeholders, addressing their specific needs and expectations.

- For students, the feedback encompasses curriculum related aspects such as quality, competence, skills and professionalism along with considerations of teacher-led curriculum delivery and other relevant issues.
- For teachers, the feedback focusses on various aspects like appropriateness and relevance of the course, outcomes of the curriculum, the alignment with course content and corresponding reference material, the availability of relevant reference materials, evaluation methods, and the effectiveness of curriculum delivery.
- For alumni, it aims to obtain their responses regarding the alignment of the course curriculum with industry requirements, the adequacy of syllabus content in context of current professional standards and the curriculum design's ability to foster self-directed learning and a problem-solving approach.
- For employers, it focuses on areas like general communication skills, problem solving abilities, teamwork, adaptability to creative challenges, organizational skills, proficiency in learning new techniques, and the integration of technology for work, as learnt through the curriculum.
