

## ACADEMIC YEAR 2019-2020

Name of the course	<b>INTERNET CONCEPTS</b>
Date	05-08-2019 TO 15-09-2019
Objective of the course	The internet can be used for educational purposes in many ways, including research, online courses, collaborative learning, virtual tours, language learning, test preparation, and time management and organization.
Resource person	Mr Gowri Shankar YSES COMPUTER EDUCATIONS
Group	II B.COM (GEN & CAS) & B.B.A
Number of the students benefited	145
Outcome	<ul style="list-style-type: none"><li>• To explain the functions of important internet services</li><li>• To be able to define the main components of web architecture</li><li>• To be able to explain the purpose of using front-end and back-end web technologies</li></ul>

AI CAMERA  
Shot by Rajyalakshmi(Chinnu)

<b>Name of the course</b>	<b>Basics of programming languages &amp; PYTHON</b>
Date	05-08-2019 TO 15-09-2019
Objective of the course	Work with common Python data types like integers, floats, strings, characters, lists, dictionaries, as well as pandas DataFrames. Use basic flow control, including for loops and conditionals. read data from text files. Obtain basic summary statistics from data files.
Resource person	Miss. G S USHA RANI Trainer from DATAPRO
Group	III B. Sc MPCs & III B. Sc MSCs
Number of the students benefited	110
Outcome	<ul style="list-style-type: none"><li>• Create your first program in Python IDE.</li><li>• Implement OOPs concepts in your programming.</li><li>• Use Arrays, and Data structures.</li><li>• Create an application with the support of graphics in Python.</li><li>• Implement error handling.</li></ul>

Name of the course	<b>HARDWARE &amp; NET WORKING (Online)</b>
Date	9/7/2019-11/11/2019
Objective of the course	The primary function of computer hardware is to support functions such as processing, communication, secondary storage and input and output. The main purpose of a computer network is to exchange data and share resources with other computing devices.
Resource person	Mr. PRATHAP REDDY Trainer from APSSDC
Group	II B. Sc MPCS, & MSCS
Number of the students benefited	43
Outcome	Lists the hardware components such as processor, memory, disk, main board, etc. Students have the knowledge of the features (speed, capacity, etc.) of the hardware components of a computer and the relationships between the components of a computer and how data are transferred among the components.

Name of the course	<b>E- COMMERCE&amp; DIGITAL MARKETTING</b>
Date	15/2/2019-30/3/2020
Objective of the course	This course provides an introduction to information systems for business and management. It is designed to familiarize students with organizational and managerial foundations of systems, the technical foundation for understanding information systems
Resource person	Mr . T RAJA Trainer from APSSDC
Group	III B. Sc MPCS,& MSCS
Number of the students benefited	60
Outcome	<ul style="list-style-type: none"><li>• Have the knowledge of the different types of management information systems</li><li>• Understand the processes of developing and implementing information systems;</li><li>• Be aware of the ethical, social, and security issues of information systems;</li></ul>

Name of the course	TALLY WITH GST
Date	13-12-2019 TO 30-3-2020
Objective of the course	To generate arrange of invoice from simple & invoices to invoice with multiple items & multiple tax rate.
Resource person	K SRINIVASA RAO lecturer in commerce
Group	II B. COM
Number of the students benefited	120
Outcome	Students will learn good company accounting to student have learned about GST & positive step towards creating a unified in duct tax require in India.

Name of the course	PHOTO SHOP
Date	10-2-2020 TO 15-3-2020
Objective of the course	Enhance images using advance editing tools to create Magazine covers.
Resource person	Sri.Koti Trainer from PLANET-9
Group	II B. Sc MPC & II B.SC CBZ
Number of the students benefited	105
Outcome	Students will learn how to optimize images and save image in proper file.

Name of the course	<b>HTML WITH JAVA SCRIPT</b>
Date	10-02-2020 TO 15-03-2020
Objective of the course	JavaScript allows you to create highly responsive interfaces that improve the user experience and provide dynamic functionality, without having to wait for the server to react and show another page.
Resource person	Smt. G SIVA KRANTHI Trainer from BDPS COMPUTER EDUCATION
Group	II B. Sc MPCs & II B. Sc MSCs
Number of the students benefited	150
Outcome	<ul style="list-style-type: none"><li>• Write simple JavaScript (alert interaction) script on the head of HTML file</li><li>• Use variables and a simple JavaScript (prompt interaction) script at the end of the body</li><li>• Use of developer tools (console)</li></ul>

<b>Name of the course</b>	<b>PROGRAMMING LANGUAGE USING C &amp; C++</b>
Date	05-02-2020 TO 05-03-2020
Objective of the course	C++ is a programming language with a special focus on the concepts of OOPs and their implementation. It has object-oriented features, which allow the programmer to create objects within the code. This makes programming easier, more efficient, and some would even say, more fun.
Resource person	Smt.P Krishna kumari Lecturer in Computer Science
Group	II B. Sc MPC , CBZ , II MB BC C & II B.COM
Number of the students benefited	120
Outcome	<ul style="list-style-type: none"> <li>• Describe OOPs concepts</li> <li>• Use functions and pointers in your C++ program</li> <li>• Understand tokens, expressions, and control structures</li> <li>• Explain arrays and strings and create programs using them</li> <li>• Describe and use constructors and destructors</li> </ul>

Name of the course	AMAZON WEB SERVICES (Online)
Date	3-12-2019 TO 30-3-2020
Objective of the course	Is a cloud based platform used from building solutions for business using Inter-connected web services.
Incharge person	Miss.Y MOUNIKA from APSSDC
Group	II B. Sc MPC , CBZ , II MB BC C & II B.COM
Number of the students benefited	120
Outcome	To help the enterprises and organizations grow. It Offers a range of an demand operations
