Chemical Disaster Prevention Day is observed every year on 4th December to emphasize the importance of Chemical safety. This day marks the World's worst Industrial Disaster that took place in Union Carbide Factory, Bhopal and pay homage to the innocent lives lost during the incident.

This day is observed by department of chemistry of our college to raise awareness among the students about chemical safety.

The event was started with inviting the speakers from department of chemistry and life sciences.

Sheela Deepak - Lecturer in Microbiology

CH.Mallika - Lecturer in Chemistry

S.Surya Kumari - Lecturer in Botany

Smt Sheela Deepak explained that Chemical disaster prevention involves a wide range of measures and practices aimed at minimizing the risk of chemical accidents, reducing their impact when they occur, and ensuring effective response and recovery.
