Smt.Mallika explained the significance of National Pollution Control Day which lies in commemorating the tragic incident that occurred on December 2, 1984, known as the Bhopal Gas Tragedy. On this day, a deadly gas leak from the Union Carbide India Limited pesticide plant in Bhopal, Madhya Pradesh, led to the loss of thousands of lives and caused long-term health issues for many more. The incident serves as a reminder of the devastating consequences of industrial negligence and the urgent need for effective pollution control measures. She also stressed on proper waste management to reduce the pollution.
